**Force Cultivation** Yuri Ajin

**Learn the true nature of the *Force*. It's more complicated than you think.**

He was the champion of underground fighting in his world. He was young, handsome, and rich. Recognized world champions were no match for him. He had her, the love of his life...

He lived for her and for battle...

However, in a moment, it was all gone.

He lost his life and his name. His dreams were taken away from him. The one he had been in love with since childhood had betrayed him and plunged a knife into his heart...

In another world, very different and distant, a boy lying in a muddy ditch suddenly opens his eyes. A new life has been awakened in his empty body.

What will he do with an offer for a second chance at life?

What path will Kai follow in a world where power and skill reign supreme?

In a world where your worth is determined by your martial arts.

**Rebirth. Ascension. Revenge.**

As one of the hit novels of the new wave of Russian LitRPG novels, *Heavenly Throne* follows one of the greatest underground fighters of the 2010s, who has found himself in a world much different than his own. He had thought that he had nothing more to lose, but fate is a fickle and cruel mistress.

Now, he must fight for his place in this new world as he advances on the path of martial arts and force cultivation.

The winner of the Russian National Wuxia Contest, *Heavenly Throne* provides readers with a refreshing take on cultivation stories.

### **Wuxia gone wrong**

I am sorry but this is not it. As another reviewer put it this book emphasizes all the defaults of Wuxia without any of the redeeming qualities. We have got: gratuitous violence, protagonists obsessed with power and gaining more of it, classist people.

There is no notion of honor in this book and the MC is so dislikable that by the middle of the book I did not care whether he died or not and sometimes I wished someone would come and whoop his a\*\* thoroughly.

The world is not well established, we are given the impression that the world is vast but without any comparison to it. There is no map. There are some consistency issues. The MC is obsessed with vengeance to the exclusivity of nothing else and he is really not that smart. He gets in way over his head and 9 out of 10 a deus ex machina gets him out of it.

It was awful I would not read the next book and would strongly advise against reading it.

**Zachary Wayne Nobles says**

The story is a bit different from some of the other books I have read in the genre. However, it is engaging and it kept my attention. Overall it is a good book with good translation and editing. Other reviews that give it one star and which cite violence and misplaced motivations of the main character are not fair -- most books of this genre do have a main character who at some point seeks revenge for injustice and a past wrong -- and the bad guys in this first book are the very definition of injustice. Another review I read made an issue of how the main character gains access to skills, abilities, and processes that "fix" his problems -- that is also true of practically every main character in this genre. They are all special, or have some sort of attribute or ability that sets them apart from others, and which gives them an advantage. In most cases, this advantage is needed, because the main character is usually the victim of injustice. This is true in this story as well. I gave this story five stars, because I think it is a good start for the first book of a series -- the author could spend a bit more time on world development and even perhaps character development. I am looking forward to the next book.

**Jessie Gilliam says**

### **What happens when the worst part of a genre is highlighted... This book**

Looking at the reviews I guess I'm in the minority here... However I did not find this novel redeemable in pretty much any fashion... The characters are planned the story was not great and the translation was C rated at the best

## **From Reader Review Force Cultivation for online ebook**

**From reader reviews:**

**Nathan Ramsey:**

This book untitled Force Cultivation to be one of several books in which best seller in this year, that's because when you read this reserve you can get a lot of benefit upon it.
